

# PSUone85

300W AC powered power supply unit

## GENERAL DESCRIPTION

The PSUone® audio power supply has on board fuse, selectable 115/230V and EMI filtering. The class II isolation makes it easy to be installed in variety of applications without earth. Total power output of 300W makes it suitable to power up to our AMPone channels at 1/4 of 300W.

## APPLICATIONS

Active Speakers  
Sound reinforcement  
Rack mounted amplifier system  
Professional audio system  
Public address system

## KEY FEATURES

Power RMS	300 W
Power RMS @70°C	200 W
Voltage input	115 or 230 V +/-10%
Voltage output	+/-85V
Efficiency	> 97%
Idle Consumption	< 3,5 W
Auxiliary supply voltage	+/-18V (0,5A)
Safety Isolation	Class II
Size	80 x 130 x 36 mm
Weight	260 g

Designed and manufactured in FRANCE
